Levying Admission Fee from the In-patients of the Sri Jayachamarajendra Institute of Indian Medicine, Bangalore.

READ—

Letter No. I.M. 377 dated 2nd July 1952, from the Secretary, Central Board of Indian Medicine, Bangalore, stating that the Accountant-General in his letter No. 2097—O.A.D.—D. 6—51-52, dated 6—7th March 1952, has intimated that no fees are recovered from the out-patients and also in-patients in the General wards of the Institute of Indian Medicine, and he has objected to the free treatment, that the Chairman of the Board is of opinion that a large number of patients who go there for treatment are very poor and it will neither be just nor worth the trouble to levy fees from them, that at this stage of development, the institute cannot be compared to a fully developed institution such as the Victoria Hospital, that the question of levying fees from the out-patients section may be kept by for two years more, that as regards the levy of fees from the in-patients, the Chairman opines that one rupee may be levied as admission fee and this may be levied even in the case of Special Wards in addition to their usual daily fees and requesting therefore sanction of Government for levying admission fee from the in-patients at Re. 1 (Rupee one only) at the time of admission to the ward and adding that the levy of fees from the out-patients may be considered later on.

The procedure prescribed in the Audit Manual for conducting the audit of pay bills of non-gazetted establishments borne on amalgamated "Provincial Scale" has been brought into force by the Accountant-General's Office. 1. Establishments borne on a "Provincial Scale" are those for which a consolidated sanction is accorded for the State as a whole without reference to the requirements of each office. Heads of Departments will, therefore, have discretion to distribute the posts to the several offices according to the exigencies of service. Posts carrying different grades of pay, such as those of Inspectors of Police and Inspectors of Schools, although included in "Office Scales" should also be regarded as borne on amalgamated "Provincial Scales" only, as Heads of Departments have discretion to fill up the posts from any one of the sanctioned grades.

2. As audit in respect of the establishments on a "Provincial Scale" is conducted separately from that of posts borne on "Office Scales", pay and allowances of these establishments should be drawn in separate establishment bills and should not be included in the bills of other office establishments.
